Denplan for Children

A simple way to keep young mouths healthy

2021

Always looking their best for every precious moment

Birthday parties, Christmas, weddings and family holidays ... when precious moments are captured forever in photos and videos, every parent wants their child to have good dental habits so their smile shines.

With Denplan for Children, it's easier to keep their teeth in excellent condition affordably through childhood. Doing the best for your child's smile is simple with Denplan.

Thinking ahead will help you and your child

- Denplan for Children includes check-ups, so it's easier to plan ahead. This helps your child to become completely comfortable with trips to the dental practice - rather than being over-anxious (which can continue into later life)
- Your practice team will offer friendly, expert advice to you and your child. This can help keep their teeth in excellent shape and prevent problems
- With Denplan for Children, you can budget wisely, so your child always gets the care they need, avoiding the risk of unexpected bills
- Your practice team may offer other treatments as part of this plan.

Questions and Answers

Why is preventive care important?

As a child develops, their teeth and oral health can change rapidly. Information and advice on preventive dentistry can help to stop problems developing before they start.

How much does it cost?

Talk to your practice team. They'll explain the options and tailor a plan that's right for your child and a monthly payment that's right for you. With a focus on preventing problems and providing peace of mind.

How do I register my child onto Denplan for Children?

The easiest way is to arrange an appointment with your child's dental practice. The practice team will discuss your child's dental care with you and advise you of the cost of the plan. They will ask you to sign a Denplan for Children Contract with them and complete an application form which is then sent to us.

It's worth remembering that treatment is always at the discretion of the practice team and tailored to your child's needs.

Further information, benefit limits, exclusions and full terms and conditions can be found in the Denplan for Children membership booklet.

Simplyhealth leads the way

We help over three million people in the UK access the health and care products, services and support that they need, when they need them and at a price they can afford.

- 975,000 health cash plan customers
- 1.4m patients with a Denplan payment plan
- 6,700 member dentists
- 4,800 corporate clients

Every year we invest a minimum of 10% of our pre-tax profits to community projects and charities that focus on helping more people access healthcare and live the best life they can. In 2019, we invested and donated close to £1m to these activities.
